

Your Digital Journey

- At HSBC Private Bank, we want to provide our clients with a unique digital experience. To do so, we have created a suite of digital tools designed to support you on your financial journey. Welcome to your Digital Ecosystem!
- Access your Internet Banking for all your Private Banking matters. View a real-time view of your accounts, portfolios, and transactions anytime, whether from your browser or directly from the App!
- Your Internet Banking is also your key gateway into our array of digital solutions.
- With Online Trading, you can trade Cash Equities and ETFs from your laptop and access a range of tools to help you. You can also trade Equities, ETFs, Funds, and FX directly from your mobile. For Structured Products, simply trade based on daily ideas from our team, or structure your own notes.
- Use your own WhatsApp or WeChat to chat, share documents, receive product recommendations, and connect with your Relationship Management team! You can even place order instructions in just a click in the chat!
- eSignature allows you to sign and submit documents anytime, anywhere. Sign by typing, drawing or by uploading an image.
- With Insights & Research, access the latest market information, investment content and exclusive analysis!
- Make payments and transfer funds effortlessly, between your HSBC accounts or to third parties.
- Any question or query? Feel free to reach out to our Digital Concierge team for help!
- To start using our suite of digital solutions, contact your Relationship Manager now.
